The United States Bankruptcy Court  
for the Northern District of Mississippi  
is pleased to announce a redesigned  
Public Access to Court Electronic Records.

## **DIAL-IN SERVICE**

The dial-in service allows you to retrieve electronic case summaries and docket information using your computer or terminal. Now you can have access to an electronic history of a case of interest without having to even leave your office. This service is offered virtually around the clock

## **SEARCHING**

You can search for a case by participant name, case number, social security number, or tax identification number. Once you find the case you want, you can have the case and docket information transmitted to you, ready to print on your own printer.

## **USEFUL INFORMATION**

You may quickly review a list of new cases filed in the court within the last seven days. You may also view or download claims registers, matrices, §341a meeting calendars, or hearings calendars.

## **TRACKING**

If you are tracking the progress of a case, the PACER system allows you to quickly check if there have been any updates. The data that is displayed to you is up-to-the-minute. This means that you can get the latest docket entries and case information when something happens; if there have been no updates, you can confirm this fact in seconds.

## **AVAILABILITY**

The PACER system is available days, nights, even weekends. All active and closed cases are yours for the asking, without having to make repeated trips to the court to review paper records.

## **WHAT YOU NEED**

- \* Computer or terminal
- \* Modem
- \* Printer for hard copies of data

## **COST**

The cost for the service is \$.60 a minute and access will be billed on a quarterly basis.
